Feminism is Queer: The Intimate Connection between Queer and Feminist Theory Mimi Marinucci

Feminism is Queer is an introduction to the intimately related disciplines of gender and queer theory. Guiding the reader through complex theory, Mimi Marinucci develops the original position of queer feminism, which presents queer theory as continuous with feminist theory. While there have been significant conceptual tensions between second-wave feminism and traditional lesbian and gay studies, queer theory offers a paradigm for understanding gender, sex, and sexuality that develops solidarity between those interested in feminist theory and those pursuing lesbian and gay rights. An essential guide to anyone with an interest in gender or sexuality, this accessible and comprehensive textbook carefully explains nuanced theoretical terminology and provides extensive suggested further reading to enable a full and thorough understanding of both disciplines.
