Alamo, The (Digital Picture Book) Frank Thompson

Although The Alamo fell in the early morning of March 6, 1836, the death of the Alamo defenders has come to symbolize courage and sacrifice for the cause of liberty. The memories of James Bowie, Davy Crockett, and William B. Travis are as powerful today as when the Texan Army routed Santa Anna to the cry "Remember the Alamo!" This book is more than a tribute to those who fell defending the mission. It is a thoroughly researched, vividly illustrated, objective description of the circumstances building up to and leading from that stand. By using contemporary writings, this history describes the political and military organizations of both sides, the weapons and equipment available to them, and the enduringly famous personalities involved, creating a vivid picture of this dramatic battle and the period in which it was fought.
