Here is a preview:

"So what seems to be the problem with this old thing?" I asked as though I would understand his answer. "I think it's just out of Freon. I have some in my van." He had stood upright and was trying to stare over my shoulder to avoid looking at what I was so clearly offering him, but his eyes kept drifting down to the curve of my cleavage.

I nodded, "Sounds good. I'll be right here."

He scurried off to collect whatever it was he had just mentioned. I dashed to the kitchen and snatched an ice cube from the freezer. I ran it over my flushed skin, leaving my collarbone glistening with moisture and my nipples taut under my thin cotton top. I was becoming more and more convinced that I had to seduce this young man.

When he came back, I thought at first he was going to drop the sloshing container. He gathered his focus and continued toward the hall closet. I grinned and followed him again, running the ice cube over my cleavage until it melted completely.

It seemed a simple job of just filling some part of the air conditioning unit with the liquid. He was finished in short order, and was able to crank the infernal device back on.

"You seem a little warm. Can I offer you some of that ice cream I just picked up?"
