Tracks Across Africa: Another Ten Years Craig Boddington

Craig Boddington's first African hunting book, *From Mount Kenya to the Cape*, chronicled his hunting exploits from 1977 to 1986. Since that time he has written a book every ten years on his African experiences. Now he's back with *Tracks Across Africa*, which chronicles his third decade of African hunting. Pretty much every country open to hunting in this period saw Craig Boddington walking on its soil: C.A.R., Chad, Cameroon, Zimbabwe, Namibia, Tanzania, South Africa, Ethiopia, and Mozambique. The animals pursued are as diverse and range from mountain nyala, elephant, and leopard to bongo, and, of course, buffalo. There is hardly a safari where he does not hunt buffalo. In these past ten years, he has hunted more in Africa than most people experience in a lifetime. Hey, we can all dream, but in the meantime we can read about it.
