Woman Designed by God Amanda Hess, Jeremy Hess

Woman Designed by God is written to challenge the healthcare industry's "cover-up" attitude toward women.

God designed a woman's body with a powerful, innate capability to heal itself. So why does modern medicine leave women cut open, covered up, and heavily medicated, when there is hope for a better way?

The good news is, this book will help you learn how to make the right choices for your body. In it, you will learn about natural and holistic approaches to women's health. It may change the entire way you view your body and how you take care of it. (We hope it does!)
