Gabriel Tarde

Las leyes sociales (Dimensión Clásica) (Spanish Edition) Gabriel Tarde

Hacia 1900, Gabriel Tarde era una de las figuras más reconocidas dentro de la intelectualidad de su tiempo. Sus trabajos sobre la multitud y la opinión pública en la política moderna fueron capitales para el desarrollo de la sociología norteamericana. Sin embargo, su obra fue crecientemente eclipsada, en parte por la hegemonía que alcanzaron las tesis de Durkheim en el estudio de las sociedades. Pero la figura de Tarde ha vuelto a cobrar relevancia: su obra ha sido reeditada, traducida y es objeto de numerosos estudios y homenajes. La actualidad de sus intuiciones; la conexión que establece entre la sociología, la psicología, la economía y la filosofía o la vinculación con ciertos posicionamientos políticos de hoy han renovado el interés de sus textos. Tarde ha empezado a ser redescubierto como precursor de los modernos análisis de difusión de la información y las relaciones sociales por las teorías de redes; como inspirador de una sociología centrada en el papel activo del individuo en cuanto agente creador de la vida colectiva; como autor de referencia para el desarrollo de una «microsociología»; como ancestro de la filosofía de la diferencia deleuziana; como numen tutelar para concebir formas de pensar que posibiliten la disolución de las entidades opresivas de la sociología y la política clásicas.

Esta edición de Las leyes sociales nos brinda la oportunidad de empezar a introducirnos en la sugerente modalidad que Tarde propone para el análisis del funcionamiento de las sociedades.
