Russian Orthography: The Commonwealth and International Library of Science, Technology, Engineering and Liberal Studies

Russian Orthography: The Commonwealth and International Library of Science, Technology, Engineering and Liberal Studies

Russian Orthography provides a complete range of information on all aspects of the Russian language. This book discusses the Russian alphabet and a number of orthographic rules.

Organized into six chapters, this book begins with an overview of the rules of orthography that is closely connected with the condition and laws of development of the lexical composition and grammatical structure of a language. This text then explains the correct use of vowels and consonants in spelling. Other chapters consider the general rules in the correct use of the hyphen. This book discusses as well the correct use of capital letters and the rules for writing of abbreviations. The final chapter deals with the general rules for the correct division of words.

This book is a valuable resource for students and teachers.
