Life on the Line: One Woman's Tale of Work, Sweat, and Survival Solange De Santis

"Engaging--. Terrific--. Takes us over the collar line with grace and authority."--*The New York Times*

As a veteran reporter throughout the "downsizing" years of the auto industry in the United States and Canada, Queens-born Solange De Santis covered her fair share of auto plant closings, but almost always from the management's point of view. That is, until this mid-career, mid-thirties, Ivy League-educated journalist quit her job to become an assembly-line autoworker.

She was hired at a doomed General Motors plant, and quickly learned about the bone-crushing realities and mitigated rewards of hard, physical work. In **Life on the Line**, De Santis offers a glimpse into a world that too many of us shy away from acknowledging, even as we accept the keys to our new cars. Completely candid, and as unexpectedly poignant as it is funny, **Life on the Line** will change the way you view blue-collar work and the cars on which we all depend.

From the Trade Paperback edition.
