Blood and Reign (Cassandra Myles Witch Series Book 3) Electa Graham

Cassandra Myles has killed the Queen of the Dark Fae. Now she is their queen and she must bring peace to and unite the Light and the Dark Fae a job she feels grossly unqualified for. To make matters worse, someone is trying to kill her. Not many fae want a human queen, and fewer still are interested in peace, the list of suspects is long and the people she can trust are few. If that isn't enough for a human witch to deal with, the man she loves has professed his love for her. This would be great if she didn't feel it couldn't possibly work, and would only cause grief and heart ache to them both. She has to find a way to convince him to move on, not to mention find her own tenuous resolve to do so.

Can Cassandra do the impossible and unite the warring fae before they erase themselves from existence? Will she be able to send the man she loves away? Never underestimate a witch with her back against the wall.
