Europe, Globalization, and the Coming of the Universal Caliphate Bat Ye'or

The scope and the theme of the book is to analyze the modern political trends and strategies that are leading to major changes in Western civilization, America included, since the OIC strategy targets America also. Learning from the European experience is crucial for Americans. Moreover this evolution is inscribed in the historical movement of Islamic theology and expansionism. It is not fortuitous but it has its own theological and political structure that must be known in the West if we wish to live in a peaceful world.
