Faith and Fertility: Attitudes Towards Reproductive Practices in Different Religions from Ancient to Modern Times

Faith and Fertility: Attitudes Towards Reproductive Practices in Different Religions from Ancient to Modern Times

When an individual or couple is considering a difficult choice such as IVF treatment or third party assisted conception, the moral and ethical basis for their decisions may often be informed by their particular faith traditions.

Faith and Fertility is a comprehensive collection of essays by academics and faith leaders from around the world. The reader is introduced to the cultural and religious understanding of fertility as it is practised among diverse international faith traditions. Each chapter is written in an accessible and clear style, outlining each faith's history and its core beliefs and values, showing the influence these have on its moral and ethical perspective on the issues surrounding fertility.

This book will be a welcome resource for anyone seeking information on the plethora of attitudes towards fertility that are at work in today's global and multi-cultural world.

Terry Tatum:

As a university student exactly feel bored to help reading. If their teacher questioned them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's heart or real their passion. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that reading is not important, boring and can't see colorful pictures on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Faith and Fertility: Attitudes Towards Reproductive Practices in Different Religions from Ancient to Modern Times can make you really feel more interested to read.
