Riot: A Behind-The-Barricades Tour of Mobs, Riot Cops, and the Chaos of Crowd Violence Loren W. Christensen

Veteran street cop Loren Christensen explores one of the most frightening yet fascinating occurrences of modern society: riots. In **Riot**, Christensen leads you deep inside angry mobs and brings you along with the cops who clash head-to-head with them in the streets to show you in riveting detail what a riot is, how and why it happens, who participates and what it feels like to be in the middle of one. You will learn about:

- the powerful psychological influences that affect everyone involved, from street cop to bottle thrower to business owner
- typical conditions that set the stage for a major riot, and common triggers that set the violence in motion
- the many kinds of riots - race, sports, prison, political - and how they are all equally intense, destructive and deadly

Through his own experiences as a military and big-city police officer on the front lines of riots; interviews with protestors, cops, reporters, prison guards and a host of other players; and the words of experts on crowd psychology and mob violence, Christensen paints a graphic portrait of the riot experience in the streets of America and around the world.
