Salt Jeremy Page

A family saga that explores the relationship between people and the landscape in which they live, Jeremy Page's atmospheric and lyrical debut novel is revelatory in its use of language and is the work of a significant new writer. *Salt* tells of a German airman who falls from the sky in 1945 and lands in the middle of a salt marsh in England. Goose, a local woman, digs him up and brings him home. After staying for just nine months, he vanishes in a makeshift boat, leaving Goose behind with a newborn daughter, Lil. Taught to read the clouds by her mother, Lil's childhood is curious and strange, but when she becomes the object of two brothers' desire, her life takes a tragic turn. Fifteen years later, it is Lil's son, Pip, who attempts to make sense of his family's intriguing history. Beguiled by the lovely Elsie who lives nearby, Pip grows up in the marsh like generations before him—but will their unfortunate past repeat itself?

From reader reviews:

Thomas Britton:

What do you about book? It is not important with you? Or just adding material when you really need something to explain what your own problem? How about your spare time? Or are you busy individual? If you don't have spare time to complete others business, it is make one feel bored faster. And you have free time? What did you do? Everyone has many questions above. They should answer that question since just their can do that. It said that about e-book. Book is familiar in each person. Yes, it is suitable. Because start from on guardería until university need this Salt to read.

Debbie Jones:

Don't be worry should you be afraid that this book will probably filled the space in your house, you will get it in e-book means, more simple and reachable. This kind of Salt can give you a lot of friends because by you taking a look at this one book you have point that they don't and make an individual more like an interesting person. That book can be one of a step for you to get success. This reserve offer you information that perhaps your friend doesn't understand, by knowing more than some other make you to be great persons. So , why hesitate? Let us have Salt.

David Stephenson:

Do you like reading a book? Confuse to looking for your selected book? Or your book had been rare? Why so many issue for the book? But virtually any people feel that they enjoy to get reading. Some people likes reading through, not only science book but novel and Salt as well as others sources were given information for you. After you know how the truly great a book, you feel desire to read more and more. Science publication was created for teacher or maybe students especially. Those ebooks are helping them to increase their knowledge. In other case, beside science e-book, any other book likes Salt to make your spare time far more colorful. Many types of book like this.

Janelle Ramirez:

As a college student exactly feel bored in order to reading. If their teacher expected them to go to the library or make summary for some guide, they are complained. Just very little students that has reading's internal or real their hobby. They just do what the teacher want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that studying is not important, boring and also can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Salt can make you truly feel more interested to read.
