He's the Spider-Man of the future, trapped in the here-and-now. And as far as Miguel O'Hara is concerned, that means he can hang up the webs. After all, he has a job at Parker Industries, a stable relationship and no way of knowing what harm his actions in the present have on the future era he left behind. But when a dangerous new threat shatters Miguel's world, a Spidey suit is the only answer. An All-New Spidey suit, that is — and just wait until you see what it can do! Doctor Cronos is about to find out exactly that — the hard way. But what connection does this new villain have with Miguel's lost home? And what deadly future fugitive could inspire a team-up today between the Spider-Man and Captain America of 2099?
