Action, Ability and Health: Essays in the Philosophy of Action and Welfare (International Library of Ethics, Law, and the New Medicine) L.Y Nordenfelt

This book is a contribution to the general philosophy of action and the philosophy of welfare. The author makes separate analyses of concepts such as action, ability, interaction, action-explanation, happiness, health, illness and disability. At the same time he explores and substantiates the idea of a strong interdependence between the concept of action and some of the central concepts of welfare, in particular health and illness and related concepts.
