Succeeding in the Project Management Jungle: How to Manage the People Side of Projects Doug, PMP RUSSELL

If you want your project to succeed you've got to manage your most important resource—your people. It's a jungle out there and project managers are fighting to survive....With countless man-hours clocked and billions of dollars spent every year on project tools, the success rate for projects remains astonishingly low. So what's the solution? Introducing TACTILE Management™, a people-centric system that works in conjunction with an organization's existing processes. Based on the seven characteristics of high-performance project teams—transparency, accountability, communication, trust, integrity, leadership, and execution—the book shows project managers how to: Take project teams out of their functional silos and transform them into a powerful, integrated force • Balance the expectations of customers, management, and project teams with the technical requirements of cost, schedule, and performance • Apply practical phase-by-phase project guidance to real-life situations • Avoid or minimize possible pitfalls • And more Every successful project involves someone in the trenches who has the people skills to match process with the capability of his team and organization. This innovative book shows readers how to make the most of their people...and ensure project success.
