The Fairy Wren is a contemporary fantasy set in Australia, where Paul, a bookseller, must juggle attention from a strange bird, a shady best friend, an Italian runaway and a missing ex-wife, all the while struggling to cling to a long-buried dream.

From the moment a fairy wren drops his lost wedding ring at his feet, Paul realises there's more magic to the world than he thought...

When Paul Fischer receives a strange phone call asking for help, from a woman who might be his estranged wife Rachel, he's drawn into a mysterious search that threatens not only his struggling bookstore, but long-buried dreams too.

Unfortunately, the only help comes from a shady best friend, an Italian runaway and a strange blue fairy wren that seems to be trying to tell him something - yet the further he follows the clues it leaves the less sense the world seems to make. Is he on the verge of a magical, beautiful discovery or at the point of total disaster?
