Adventures in Music Reading for Violin William Starr

Renowned Suzuki pedagogue William Starr continues his valuable teaching series with this third volume. The goals of this series are to help young violinists to become good sight-readers and good "working-out" readers, and to make music reading fun, with folk and classical music presented in duets for ensemble enjoyment. New keys and finger extensions are logically introduced to greatly accelerate reading in positions; especially noteworthy is the section devoted to recognition of and fingering for intervals. This is a resource book to be used again and again!
