Retired But Not Tired: Retirement Made Easy BK Trehan, Indu Trehan

Retirement is usually perceived as boredom, hopelessness and, virtually, the dead end of one's life. But it is a complete misconception. In fact, retirement is the beginning of another phase of life that can be satisfying and meaningful, even better than the 'productive phase', provided we make some smart choices and follow the right strategies. Like other important things in life, we must have some higher purpose, some goal, or mission in life to fulfil after retiring. Our inspiration and deeds should convince others of how great, wonderful and purposeful retired life can be. Retired But Not Tired, a thought-provoking and useful guide, helps us plan a happy, fulfilling and meaningful life after retirement. A must-read for recent retirees and those wanting to plan ahead.
