Music and Youth Culture in Latin America: Identity Construction Processes from New York to Buenos Aires (Currents in Latin American and Iberian Music)

Music and Youth Culture in Latin America: Identity Construction Processes from New York to Buenos Aires (Currents in Latin American and Iberian Music)

Music is one of the most distinctive cultural characteristics of Latin American countries. But, while many people in the United States and Europe are familiar with musical genres such as salsa, merengue, and reggaet?n, the musical manifestations that young people listen to in most Latin American countries are much more varied than these commercially successful ones that have entered the American and European markets. Not only that, the young people themselves often have little in common with the stereotypical image of them that exists in the American imagination.

Bridging this divide between perception and reality, *Music and Youth Culture in Latin America* brings together contributors from throughout Latin America and the US to examine the ways in which music is used to advance identity claims in several Latin American countries and among Latinos in the US. From young Latin American musicians who want to participate in the vibrant jazz scene of New York without losing their cultural roots, to Peruvian rockers who sing in their native language (Quechua) for the same reasons, to the young Cubans who use music to construct a post-communist social identification, this volume sheds new light on the complex ways in which music provides people from different countries and social sectors with both enjoyment and tools for understanding who they are in terms of nationality, region, race, ethnicity, class, gender, and migration status. Drawing on a vast array of fields including popular music studies, ethnomusicology, sociology, and history, *Music and Youth Culture in Latin America* is an illuminating read for anyone interested in Latin American music, culture, and society.

Nancy Barry:

As a scholar exactly feel bored to be able to reading. If their teacher questioned them to go to the library or to make summary for some guide, they are complained. Just small students that has reading's soul or real their hobby. They just do what the professor want, like asked to the library. They go to presently there but nothing

reading really. Any students feel that examining is not important, boring in addition to can't see colorful images on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Music and Youth Culture in Latin America: Identity Construction Processes from New York to Buenos Aires (Currents in Latin American and Iberian Music) can make you really feel more interested to read.
