Perfiles criminales II (Investigación e ideas) (Spanish Edition) Carlos Vilalta, Gustavo Fondevila

Este es el segundo volumen de la serie de estudios de perfiles criminales en México. Si el primero presentó un cúmulo histórico de información demográfica, socioeconómica y criminológica al respecto de la población reclusa en cárceles del Distrito Federal y el Estado de México, éste agrega a lo anterior una identificación precisa de los elementos distintivos de cada grupo de reclusos según el tipo de delito que cometieron y cuáles son las características básicas de sus víctimas. Todo esto en voz de los agresores. Sin embargo, esta entrega va mucho más allá de ser un compendio selecto de información con calidad científica. El lector encontrará, además, una explicación de diversas teorías criminológicas y experiencias internacionales en materia de prevención social del delito que, junto con resultados de varias pruebas estadísticas realizadas sobre la base de la mejor información criminológica disponible en el país, lo prepararán para una discusión inteligente e informada de las políticas vigentes y la realidad de las cárceles mexicanas. Perfiles Criminales II se constituye así en un libro único e indispensable para cualquier interesado en promover una política criminal racional, eficaz y teórica y empíricamente fundamentada.
