Cuando se quiere de veras (Spanish Edition)

María Cecilia Betancur

Cuando se quiere de veras (Spanish Edition) María Cecilia Betancur

Este no es un libro de terapia de pareja. Por el contrario, trata de evitar que muchas parejas se vean en la necesidad de comenzar un proceso terapéutico para resolver sus problemas, o dar por terminada su relación amorosa. Tal vez al terminar la lectura, algunas lleguen a la conclusión de que necesitan tratamiento o, simplemente, consideren conveniente recurrir a alguien que pueda ayudarlas a mejorar en aspectos muy puntuales de su vida en común. El contenido de la presente obra busca, de una parte, ofrecer una guía para que las personas echen una mirada al interior de su experiencia actual de pareja y evalúen qué tan satisfactoria la encuentran, y, de otra, proponer reflexiones y pautas de comportamiento orientadas a enriquecerla. Si es que apenas comienza, usted querrá estar seguro de no arar en el desierto, y para ello, necesitará unas pautas que le ayuden a conocer mejor a su pareja y a estimar las probabilidades de su relación con ella. Si usted y su pareja ya tienen un buen recorrido juntos, pueden analizar su vida y darse cuenta, con alto grado de certeza, del futuro que les espera. Lo más importante de todo este trabajo es que usted pueda conocer los rasgos del amor auténtico, es decir, las manifestaciones del amor que caracterizan a las parejas felices .
