Moon Lore Timothy Harley

This classic compendium of lunar literature covers moon mythology, worship, superstitions and is of great interest to cultural scholars and mythologists alike.

For Man the moon has always exerted a magic and madness. This madness and magic has paid off in the Apollo accomplishments. And still man continues to dream of new worlds to conquer. After the moon, what? Will it be Mars and Venus? While the earth is getting smaller, our universe is growing by leaps and space ships.

What could be more timely than a book about the moon! *Moon Lore*, set the stage for the recent lunar landing almost 100 years ago with its scientific observations such as the one which saw "the surface of the satellite scooped into deep valleys, or spread over with vast walled plains from 130 to 140 miles across. But this timely book according to its author has no pretensions to scientific merit; in fact, he calls it "a compendium of lunar literature in its least scientific branches." He does say, however, that his work "is a contribution to light literature, and to the literature of light.

From reader reviews:

Andrew Thompson:

The particular book Moon Lore has a lot of knowledge on it. So when you read this book you can get a lot of help. The book was authored by the very famous author. Mcdougal makes some research ahead of write this book. This particular book very easy to read you will get the point easily after scanning this book.

Leroy Mallett:

This Moon Lore is great reserve for you because the content which is full of information for you who have always deal with world and have to make decision every minute. This book reveal it facts accurately using great organize word or we can state no rambling sentences in it. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only will give you straight forward sentences but tricky core information with lovely delivering sentences. Having Moon Lore in your hand like finding the world in your arm, information in it is not ridiculous 1. We can say that no publication that offer you world throughout ten or fifteen minute right but this reserve already do that. So , it is good reading book. Hey there Mr. and Mrs. hectic do you still doubt that?

Nancy Brown:

This Moon Lore is brand-new way for you who has attention to look for some information because it relief your hunger details. Getting deeper you on it getting knowledge more you know or you who still having little bit of digest in reading this Moon Lore can be the light food to suit your needs because the information inside that book is easy to get by means of anyone. These books produce itself in the form that is certainly reachable by anyone, yep I mean in the e-book form. People who think that in publication form make them feel tired even dizzy this reserve is the answer. So there is not any in reading a e-book especially this one. You can find actually looking for. It should be here for a person. So , don't miss the idea! Just read this e-book kind for your better life and knowledge.

Ronald Griffin:

Do you like reading a reserve? Confuse to looking for your best book? Or your book had been rare? Why so many problem for the book? But any people feel that they enjoy with regard to reading. Some people likes looking at, not only science book but also novel and Moon Lore or perhaps others sources were given understanding for you. After you know how the fantastic a book, you feel need to read more and more. Science reserve was created for teacher or perhaps students especially. Those publications are helping them to put their knowledge. In additional case, beside science reserve, any other book likes Moon Lore to make your spare time considerably more colorful. Many types of book like this one.
