**The Murder of Cleopatra: History's Greatest Cold Case** Pat Brown

**A world-renowned criminal profiler takes a fascinating look at one of the most tragic mysteries in history.**

For more than two thousand years, the great pharaoh Cleopatra VII has been portrayed as a failed monarch. Various ancient sources state that she desperately ended her life with the bite of an asp, as her nemesis - the Roman general Octavian, later known as Augustus, the first Roman emperor - stormed Alexandria. Now, a completely unique interpretation of history is brought to light by world-renowned criminal profiler Pat Brown in her new myth-busting book, *The Murder of Cleopatra*.

As host and profiler of *The Mysterious Death of Cleopatra* (Discovery 2005), Brown challenged the long-enduring myth that Cleopatra died via snakebite and that she committed suicide to avoid further humiliation. Using the techniques and methodology of investigative criminal profiling and crime reconstruction, *The Murder of Cleopatra* takes up where the Discovery Channel documentary left off. Brown's findings, borne of scientific method, rigorous inquiry, and deductive reasoning, will be revealed against a historical backdrop of mystery, drama, politics, danger, and romantic intrigue.

The result: a thought-provoking analysis of the amazing woman Cleopatra truly was, a fascinating account of the queen's final desperate attempt to escape Egypt with her ships and treasure, and the brutal homicide that ended her life as the last Egyptian pharaoh.

*From the Trade Paperback edition.*
